**PETITION UNDER 37 C.F.R. § 1.78(a)(3) TO ACCEPT AN UNINTENTIONALLY
DELAYED REFERENCE UNDER 35 U.S.C. § 120 AND/OR § 365**

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

In accordance with 37 C.F.R. § 1.78(a)(3), Applicant hereby requests the U.S. Patent and Trademark Office to accept the unintentionally delayed reference to the claim under 35 U.S.C. § 120 and/or § 365 in this application.

In accordance with 37 C.F.R. § 1.78(a)(3)(i), the reference required by 35 U.S.C. § 120 and 37 C.F.R. § 1.78(a)(2) is concurrently submitted in the accompanying Second Preliminary Amendment dated September 22, 2004.

09/23/2004 HVUONG1 00000004 082025 10697572

01 FC:1454 1330.00 DA

In accordance with 37 C.F.R. § 1.78(a)(3)(ii), a fee of \$1,330.00 is required under 37 C.F.R. § 1.17(t). The Director is hereby authorized to charge Deposit Account No. 08-2025 for the fee due.

On information and belief, the entire delay between the date the reference to the claim under 35 U.S.C. § 120 and/or § 365 was due under 37 C.F.R.

§ 1.78(a)(2)(ii) and the date the reference required by 37 C.F.R. § 1.78(a)(2) is submitted in this application was unintentional. The following facts are presented in support of this Petition.

1. The present application is a divisional application of parent Application Serial No. 09/831,768. The parent Application Serial No. 09/831,768, was filed as a § 371 national stage application of International Application No. PCT/US99/23078. The international application is also a Continuation-in-Part Application of U.S. Application No. 09/162,844, filed on September 29, 1998.
2. The specification in parent Application Serial No. 09/831,768 did NOT contain a reference to the prior filed applications, because no such reference was required. The International Application was filed on September 29, 1999, and was therefore exempted per 37 C.F.R. § 1.78(a)(2)(ii)(C) from the requirements of 37 C.F.R. § 1.78 when the International Application was nationalized.
3. The present divisional application made a claim for priority to parent Application Serial No. 09/831,768, in the transmittal and to the International Application No. PCT/US99/23078 and the Continuation-in-Part Application No. 09/162,844, in the originally filed Declaration (see Attachment A). The present divisional application was filed on October 30, 2003, with a photocopy of the original specification of Application Serial No. 09/831,768.
4. Because the original specification of parent Application No. 09/831,768 did not contain a cross-reference to the International Application or CIP Application, the photocopy of the parent used to file the present divisional application did not contain a cross-reference to the International Application.
5. The present application was amended at the time of filing to include a cross-reference to Application Serial No. 09/831,768 (see Preliminary Amendment Attachment B). However, a cross-reference to the International Application and CIP Application was unintentionally not included in the Preliminary Amendment.
6. Upon becoming aware of the failure to timely meet the requirements of 37 C.F.R. § 1.78, we promptly prepared and submitted this Petition to make the cross-reference to the International Application and CIP Parent Application on page 1 of the specification in the present divisional application.

Accordingly, because all requirements for a proper Petition Under 37 C.F.R. § 1.78 have been satisfied, granting of this Petition to recognize Applicant's claim for priority to the International Application is requested. Upon granting of the Petition, it is respectfully requested that the accompanying Second Preliminary Amendment (Attachment C) be entered in this application.
